25X1A 11. [redacted], Security, called to advise me of a call he received from Wilkie Donaldson, OMB. Donaldson advised him that Senator Ted Stevens has written to the White House requesting access to the Federal Mapping Task Force report which is classified at the compartmented level. Dick Fairbanks, of the White House, has the action on the Stevens letter. I suggested to [redacted] that he tell 25X1A Donaldson that Stevens is not a member of any of our Subcommittees and we have never provided him with information in this category and the question of access to this document will probably have to be taken through the channel established for Task Force material.

25X1 12. [redacted] Clark McFadden, General Counsel, Senate Armed Services Committee, visited Headquarters to continue his learning process about Agency and intelligence community matters and read the "Child's Guide" and NFIB for FY 1975. During lunch with Messrs. Houston, 25X1A [redacted] the Agency's involvement in economic intelligence was reviewed and there was some discussion on the proposed unauthorized disclosure legislation. I later reviewed with McFadden some of the issues that will most likely come up in hearings on the Stennis bill and said as soon as we had a chance, we would try to be of more assistance to him by providing him an outline of the problem as we see it.
